INTRODUCTION

Hanrob together with various partners from the veterinary world have come together to provide selected short courses for post graduate Japanese Animal study students at various locations in an around Sydney Australia. The purpose of these courses is to provide graduates with the opportunity to participate in a 2- week internship in either Dog Training or Veterinary Nursing.

These studies and internships are designed to cater for students who have completed studies in;

- Dog Obedience training and behaviour modification.
- Service dog Training.
- Companion and therapy dog Training.
- Veterinary Nursing.
- Commercial pet care dog & cat boarding.
- Commercial dog and cat grooming
- Detector Dog Handling

Our affiliates provides students the opportunity of an internship;

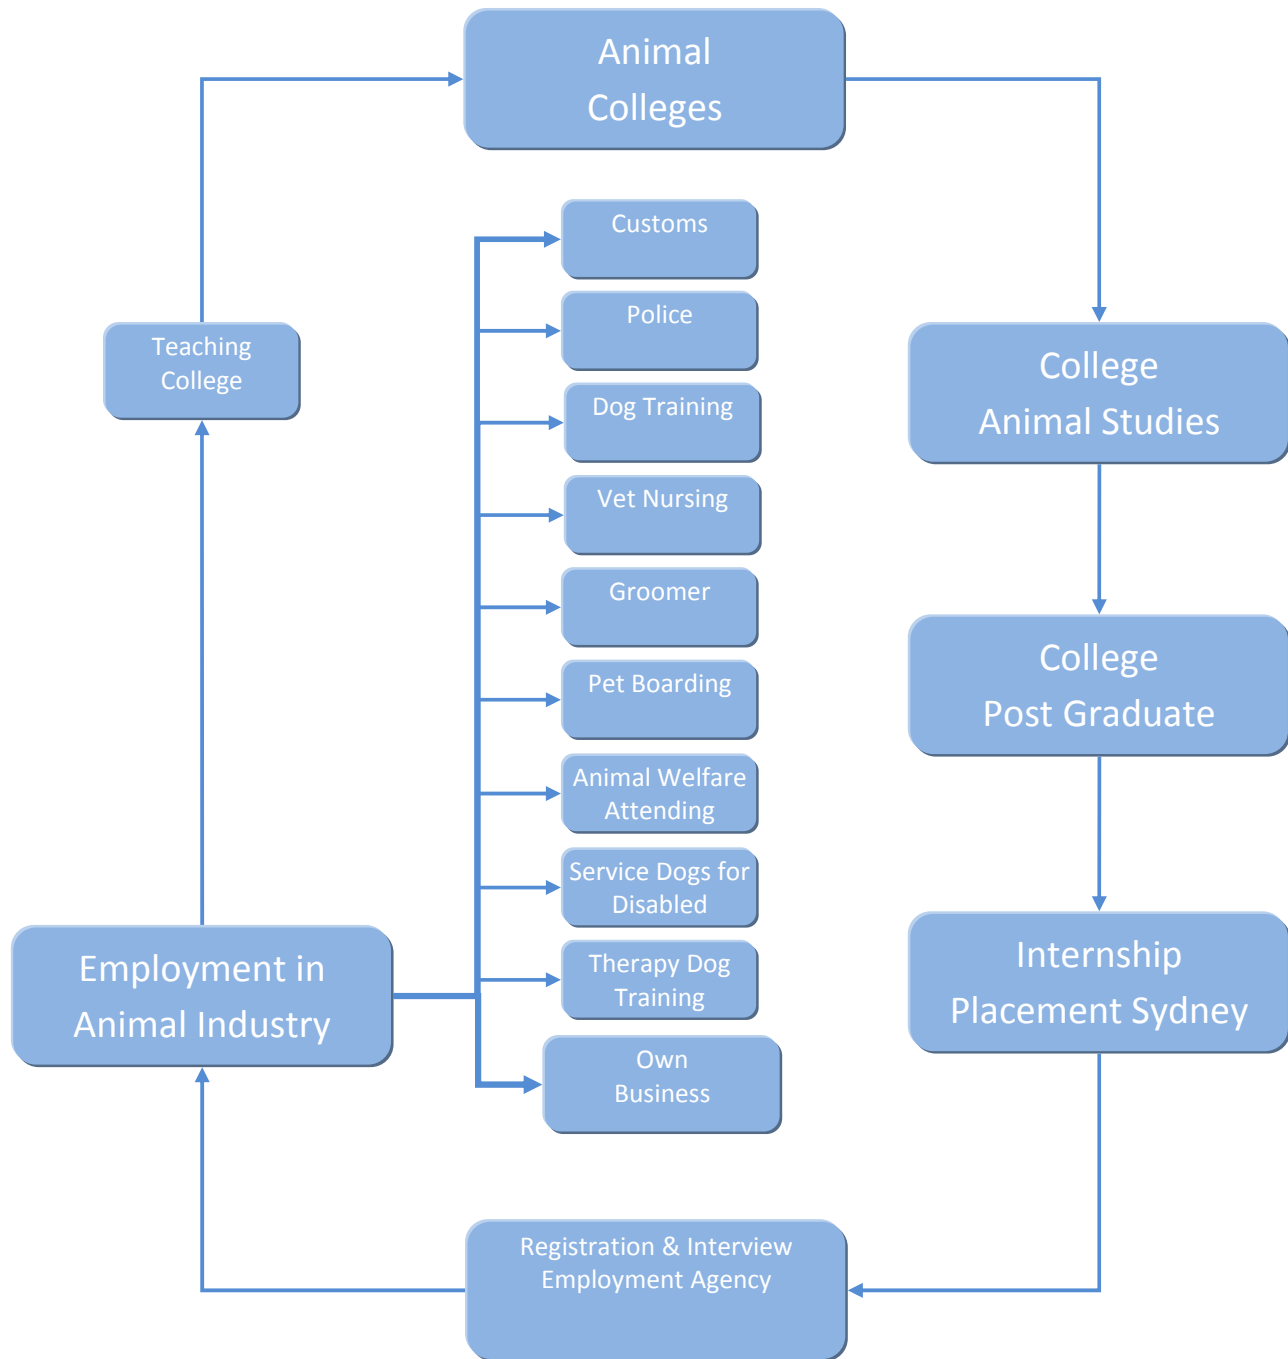

- Hanrob's dog obedience training campus.
- Hanrob's Companion and therapy training campus.
- Hanrob International Detector Dog School (IDA)
- Taronga zoo.
- Sydney University of veterinary science teaching clinic.
- Kuringai Veterinary Hospital.
- Kuringai Grooming salon.
- Richmond TAFE (Technical and Further Education) Institute.

Well trained and qualified staff are important in today's animal industry sectors anywhere in the world. The purpose of training is too ultimately to provide students with the best possible opportunity for future employment.

Our internships do exactly that and can have a tremendous impact on the acquired skills post graduates can obtain, not only from gaining hands on experience, but also working abroad in their chosen field of study. Employer's demand the very best employees hence experience and qualification are important in the race for employment in the animal industry.

Typical programs include transportation to and from places of Internships as well as accommodation and meals in various Home-Stay locations throughout the Sydney metropolitan area. Sydney provides a unique opportunity for students to take in the various sites and sounds of one of Australia's largest cities, with public transport access to a variety of tourist destinations popular with people all around the world.

Courses provide students with the opportunity to work and learn alongside Australian professionals consummate in their field of endeavour. Our programs will help Graduates take the next step in the transition from student to employee. Training to employment should be planned and provide a clear path from start to finish with the final objective being employment in their field of study.

Post Graduate students participating in a 2-week internship will receive a statement of attainment for all training received during their Internship. The statement of attainment acknowledges successful completion of relevant (AQF) training units of competency studied during their training. The statement of attainment provides evidence of units of competency completed in accordance with national accreditation under the Australian quality framework (AQF) of training.
